

155 Serrata Road Dundee Downs NT

The property is a blank canvass as it is undeveloped.

Situated on a no-through road this lot contains plenty of dense bush with tall trees, providing seclusion just perfect for those who want privacy. It is a dry and weed free block with a very small wet season creek. Just beyond the rear boundary and down the slope there is a more substantial creek which is part of the MacKenzie Arm.

There are powerlines situated opposite the frontage on Serrata Rd, to allow you to connect mains power. Javelin Rd boat ramp is just round the corner, as is Dundee Downs Bush Resort , with Dundee Downs Store, Sand Palms Roadhouse & Tavern and Dundee Beach just a short drive away.
